

Advanced Home Health Merges with Progressive Home Health

Pittsburgh, PA – Advanced Home Health is excited to announce the opening of their new state-of-the-art corporate headquarters, located at 290 Bilmar Drive, Suite 301, Pittsburgh, PA 15205.

This spacious 8,175 square foot facility gives the ability to consolidate back office operations from two recently merged agencies; Advanced Home Health and Progressive Home Health, located in Allegheny County and Beaver County.

The new space will better accommodate the needs of the dedicated employees, by combining resources and providing new opportunities. With the new headquarters, Advanced Home Health will be able to continue expanding its workforce to support its wide network of patients.

Rich Griffin, CEO of Advanced Home Health said, “We have a tremendous team of back office staff and we are thrilled to be able to combine two incredible groups into one family. While this means some staff from each area being relocated, our team is anxious and enthusiastic about what we can do together.” Rich brings over 15 years of healthcare management and operations experience to the merger. In addition to Richard Griffin his partner, Maureen Kail, RN and CCO of AHHPC will be overseeing clinical operations for both agencies.

In a statement Griffin said “This is an exciting time, the merger with AHHPC and PHH will allow both agencies to combine resources and give our referring partners a larger service area. We will continue to give high quality care to our patients while creating a stronger future for both companies.”

The two companies are dedicated to providing outstanding care with compassion, high quality and clinical excellence.
